STAT

[redacted] has requested that [redacted] be briefed sometime this week on OPEI's recent inquiry into the relationship between the distributions of intelligence priorities and production resources.

STAT

I've expressed my willingness to do so. Although the work was limited in scope, and has not been written into study form, I believe a number of thought-provoking points did emerge.

My intention in the briefing would be to discuss alternative interpretations of the messages, if any, conveyed by the data in the attached tables and charts.
